About us

Hallin Löfgren Juristbyrå AB is a specialised law firm practising in the areas of financial family law, estate law and family law litigation. Our clients include both private individuals and business owners, and we are committed to providing legal advice of the highest quality. Today, we are a team of lawyers based at our office in Malmö. Our work is characterised by a strong client focus and a modern workplace where you are given a high degree of individual responsibility, as well as opportunities to grow and develop as a lawyer.

Practical information

- **Location:** Malmö, with some possibility of remote work
- **Start date:** As soon as possible
- **Employment type:** Permanent employment with a six-month probationary period
- **Salary:** Individually determined

About the role

We are looking for a lawyer who will work across all of the firm's practice areas. You will work closely with clients, helping them find solutions tailored to their individual needs. You will work both independently and as part of a team to streamline processes and, together with your colleagues, ensure the highest possible quality of legal advice. You are at the very beginning of your legal career and will therefore be offered supervision and opportunities for further professional development.

We are a rapidly growing law firm. If you thrive in a fast-paced organisation with multiple projects running simultaneously, you will have excellent opportunities to make an impact and contribute to the continued development of the firm.

Responsibilities

In this role, you will be given individual responsibility and the opportunity to work independently with clients and manage your own cases. The work is varied and may include administering deceased estates and preparing documents within the area of preventive financial family law, such as wills and future powers of attorney. As you gain more experience as a lawyer, the role may also involve representing clients in family law proceedings before the courts.

We place great emphasis on personal qualities and experience when determining the types of assignments and responsibilities you will undertake.

Qualifications

- Holds a Swedish Master of Laws (LL.M.) degree
- Is a recent graduate or has less than three years of experience working as a lawyer
- Has a strong interest in family law and is motivated by helping clients find solutions
- Thrives in a fast-paced environment and is committed to providing high-quality legal advice

Benefits

- Attractive workplace with a positive atmosphere in a small, close-knit team
- Flexibility and the opportunity to work partly remotely
- Personal development through varied assignments and excellent opportunities for further professional training
- Wellness allowance and other benefits
